Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in</p>	<p>Without any doubt the manuscript is so good and valuable for the scientific community.</p> <p>Either Your title or your paper should need some modification based on the replacement techniques. Is it partial replacement of barley grain or fully?</p> <p>In my opinion it is better to use structured abstract format.</p> <p>Some of your references are old. In recent time science is being modified in blink of eyes therefor you better use the recent one.</p>	

<p>the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>I haven't seen any sample designs used in this investigation; you simply select seven experimental cows. Set your ground on the sampling design.</p>
