Minor REVISION comments	<p>The topic “Health Effects of Heavy Metal Contamination in Drinking Water” is fine in the field, but seem not more novel. However, before accepting for publication, some points of this work have to revise and concern.</p> <ol style="list-style-type: none">1. Typographical errors exist throughout the manuscript. Rectify carefully.2. Please mention more detail about the introduction part. It seems not clear with the research objective.3. The discussion section needs to add more detail in each point. It seems too short and dose not strong in the academic area.4. In the conclusion seems to be in general and is not given separately, it is highly recommended to include limitations of the study and potential future research goals.	<ol style="list-style-type: none">1. Typographical errors were corrected.2. Introduction section was revised accordingly.3. Discussion section was modified accordingly.4. In conclusion, future research section was revised.
Optional comments	-
